Hi Prof. Fang Wang,

I hope you are doing well. Please see the following information:

Mask aligner:

New

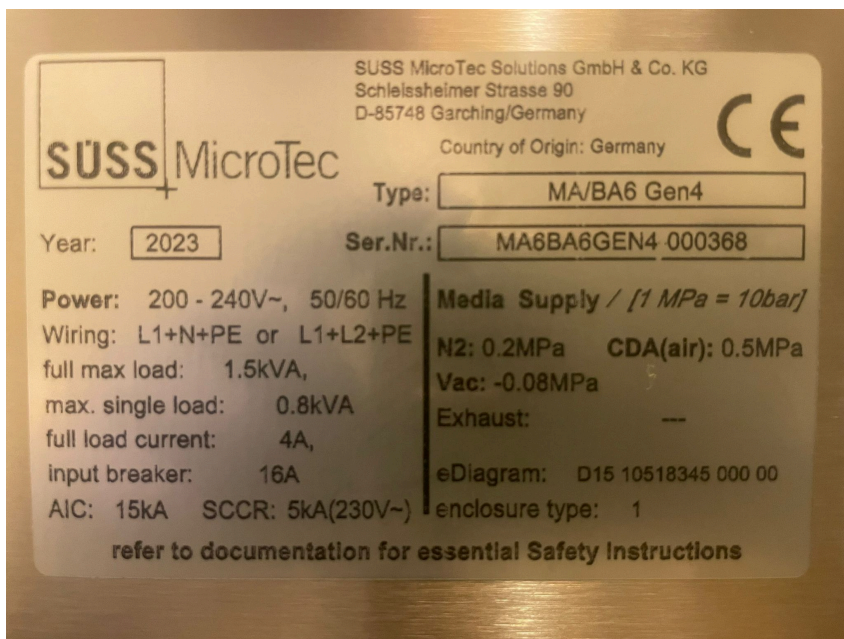

The manufacturer: SUSS MicroTec Solutions GmbH & Co
Lithography GmbH

Model number: MA/BA6 Gen4
(2023)

Old

The manufacturer: SUSS MicroTec

Model number: MA/BA6
(2005)

RIE:

I could not find the plate on the machines.

The manufacturer: Oxford instruments

Model: Plasmalab80Plus

Sputtering:

New

Old

The manufacturer: Kurt J. Lesker

The manufacturer: Kurt J. Lesker

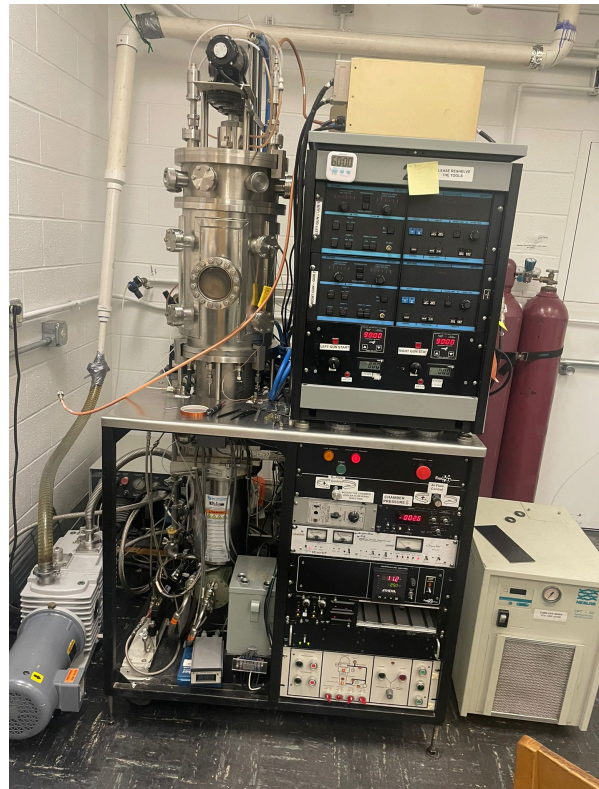

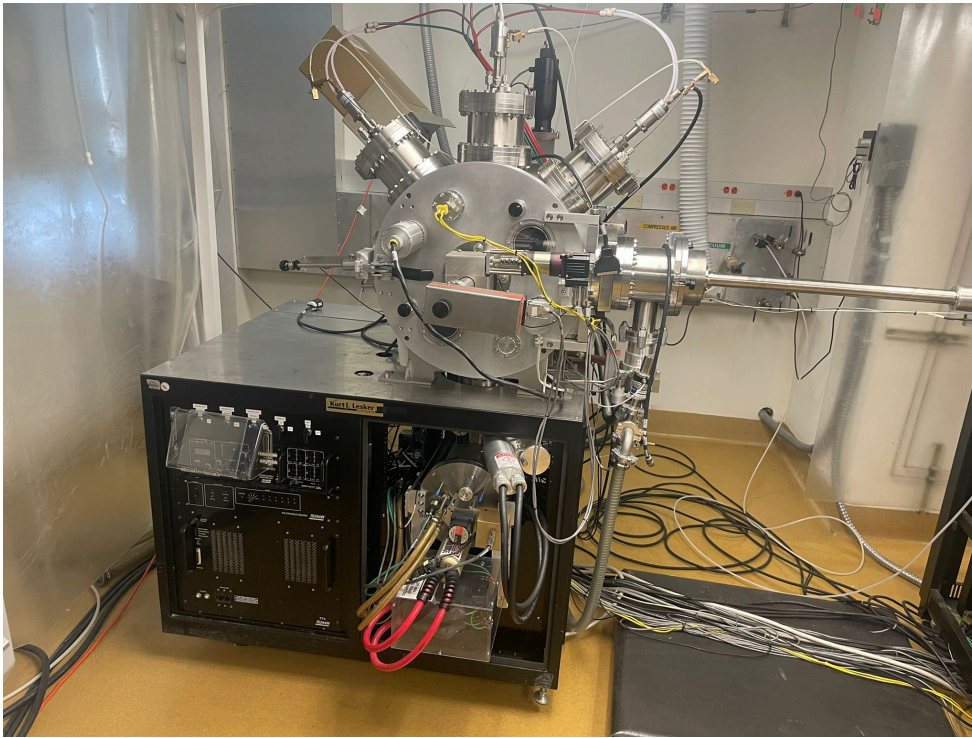

Model: not Sure (I could not find the plate on the machine)

Model: (I'm not sure) ((I could not find the plate on the machine)

it's: Kurt J. Lesker deposition system (AXXXIS deposition system co-sputtering and e-beam evaporation)

It's: PVD co-deposition sputtering system

(2006)

Thanks,
Mohammed Almalaysha

Subject: Cleanroom equipment models

Hi Mohammed,

For the VR project, we would like to get the manufacture and model numbers for the following equipment, so we can see if there are existing 3D CAD models out there that we can adapt to the VR project.

Mask aligner (old and new)

RIE

Sputtering

I would greatly appreciate your help in locating this information as soon as possible. Thank you!

Fang Wang, Ph.D
